Remarks

Discover luxury living in this brand-new custom spec home crafted by Renew Design Build. Renowned for exceeding standard construction norms, Renew Design Build brings you a home packed with extras at no extra cost. With over 4000 sqft. this spacious residence features an open living space on the main level, including an office, great room with fireplace, screen porch and 9' ceilings. The primary bedroom offers a vaulted ceiling, ensuite bathroom with a soaker tub, zero-entry shower, and a large walk-in closet. Upstairs, discover three additional bedrooms alongside a versatile loft space ideal for relaxation or play. Featuring an additional 5th bedroom, the lower level also provides an additional family room area with wet bar, the perfect place to gather! Anderson windows throughout as well as a technology package of video, networking & security wiring thru-out. 3 car tandem garage. This home offers ample opportunity for personalization as it is currently in the framing stage. Take advantage of this chance to customize your dream home to suit your tastes perfectly. Be sure to explore the features list in the supplements to discover all this home has to offer.
